The returns from the State came in slowly to-night. It is not expected that the result of the voting will be known before to-morrow. The count is evidently proceeding even more tediously than in previous years. At midnight reports had been received from twenty-five scattered townships. They showed Democratic gains. If this same rate of gains is sustained throughout the can' be regarded as safely indicative of the result.

The Democrats are as usual claiming the State. The
Bepublicans think, however, that they have gained two
and possibly three Congressmen. Parrett, the Democratic candidate for re-election in the 1st District, has
gained in Evansville, but in the other counties, where ere is a large Farmers' Alliance vote, his oppo is ahead of his ticket and is probably elected. Scattering returns also indicate that Mount, the Republican candidate, has defeated Brookshire in the VIIIth and the XIth is in doubt. THE VOTE ON THE STATE TICKET. INDICATIONS OF A REPUBLICAN PLURALITY OF OVER 20,000.

(BY TELEGRAPH TO THE TRIBUNE.) Cincinnati, Ohio, Nov. 4.-The returns from the State come in slowly to-night. The Republican State Committee relies upon the largely increased phurality for Ryan, the candidate for Secretary of State, as indicating the election of several Congressmen in the doubtful districts, especially the VIIIth, in which ex-Governor Foster is the Republican candidate. At 10 o'clock ninety-seven precincts outside of Cincinnati and 115 in the city received at the headquarters indicate a Republican gain of 8 1-2 to the precinct. If this ratio nundred and ninety-two precincts outside of Hamilton 2,007. The same precincts in 1889 gave Forakes 44,881, Campbell 45,422, Helwig 2,243. One hunprecincts in 1889 gave Foraker 23,201; Camp-bell, 27,978. Bellamy Storer, Republican candi date for Congress in the 1st District, claims that his najority will be 1,200. He carried his own precinct by eighty-two majority, much larger than was ever gain of 130 in Madisonville. The Lincoln Clab estimates Ryan's majority in Hamilton County at 7,000.

It is reported from Cleveland that T. L. Johnson nocratic candidate for Congress in the XXIst District, is elected. He ran ahead of his ticket, and Cuyahoga County, it is said, was carried for Hyan by 2,500 plurality.

In many preciness two-thirds of the registered votes were in before 9 o'clock in the morning. With the exception of a few saloon-keepers, who violated the law by keeping their places open, there were no arrests in the city to-day on account of the election. The law, which has been in effect several years, prohibits gathering within 100 feet of the polling places, and the consequence is that there were no gatherings at all, and none of the excitement fostered by crowds was to be seen at the election. The divisions among Democrats caused by the abolition of the Board of City Improvements at the suggestion of Governor Campbell had its effect in general apathy among many of the most active men in the Democratic party.

PSTIMATES AT REPUBLICAN HEADQUARTERS Columbus, Ohio, Nov. 4 (Special).-The Republican cincts outside of Hamilton County, giving a gain for Ryan of 91 1-2 to the precinct. This, with the gains in Cincinnati indicates a Republican plurality of 25,000 The Democrats concede the election of Storer (Rep. for Congress in the 1st. FEATURES OF THE CONTEST.

THE ISSUES BETWEEN THE TWO GREAT PARTIES -CONGRESSIONAL FIGHTS.

Springfield, Ill., Nov. 4 (Special).-Outside of Cool County the Legislature and the question whether Senator Farwell shall be re-elected or whether he will be succeeded by John M. Palmer were the leading ssues of to-day's contest. In the last Legislature the Republicans had a majority of twenty-eight on joint callot, but this the Democrats fought to overcome in the farming sections, where they claim there is a great awakening on the tariff question. Besides the bold and unusual course of nominating a candidate for United States Senator in a State Convention unloubtedly raised many supporters for General Palmer

in the ranks of the Republicans.

In the Congressional Districts the Democrats made a herculean effort to defeat Congressman Cannon in the XVth District, which, it is said, is being helped along by certain former Republicans who did not like Mr

by certain former Republicans who did not like Mr. Cannon's record at the last session. The XIth and XVIIIth Districts were doubtful, with chances tavoring the Democratic in the first named and the Republicans in the other.

Sangamon County has a Democratic majority of 700 or 800 on a full vote and the party ough, to have elected its full itelet this year, but they were disappointed in the defeat of two or three of the candidates who were looked upon as unavailable in certain particulars. No light was made on the state ficient at the capital that had effect and Wilson, the Democratic candidate for State Treasurer, and Raab, the Democratic candidate for State Treasurer, and Raab, the Democratic candidate for Superintendent of Public Instruction, got the usual majorities here.

WHERE THE GAINS AND LOSSES WERE-SIXTEEN REPUBLICAN CONGRESMEN ELECTED-THE NEW BALLOT LAW WORKED WELL.

The Republicans elected their candidates for the Assembly in a majority of the districts yesterday. According to the latest figures the Assembly of 1891 will contain 68 Republicans and 60 Democrats—a majority of 8. In the last Assembly the Republicans had a majority of 16. The gains and losses were as follows: The Republicans gained the Herkimer, the IId Monroe, the Ontario, the IId Saratogo, the Ist Steuben, the Yates, and the VIIIth New-York Districts, gained the IId Dutchess, the Vth Eric, the XIIth Kings, the VIIth, XIth and XIIIth New-York, the

Two of the Republicans who voted against High License in 1890, Oftonnor, of Oneida, and Currier, of Erie, are left at home.

In the Congressional Districts sixteen Republicans and eighteen Democrats were elected. This is a Republican loss of three. Judge Earl was, of course, elected to the Court

MINNESOTA.

THREE PARTIES FIGHT FOR THE HONORS.

A FULL VOTE AND RESULTS SOMEWHAT COM-POLICATED BY THE ALLIANCE

CANDIDATES. St. Paul, Minn., Nov. 4.-A cool, clear day usually

means a full vote, and the interest in the State elec-tion added to the size of the vote in Minnesota. The full result will undoubtedly be late, for besides the fact that the Alliance vote prevents any accurate estimates from the more distant country districts, that nothing certain will be known till late. In four Congress districts there are two tickets, while in the fifth ther are three tickets. The five Congressmen are candidates for re-election. Two years ago, in the 1st District, Dunnell (Rep.) had a plurality of 1.844. This year he Dunnell (Rep.) had a pidrality of 1.844. This year he is opposed by Captain Harris (Dem.), who has the Alliance indorsement. John Lind, who had 9.219 plurality two years ago, is opposed by General J. H. Baker, the Alliance candidate, who has the Democratic indorsement. O. M. Hall (Dem.) has to overcome the 2,868 plurality that Hall (Rep.) received two years ago plurality in the IVth District two years ago, and is now opposed by Captain Castle (Dem.) now opposed by Captain Castle (Delh.) in the vin District, S. G. Comstock, whose plurality two years ago was 7,519, is opposed by A. J. Whiteman (Dem.) and Alvor Kittleson (Alliance). A full vote has been polled, and with few exceptions everything passed off

quietly.

TAMMANY'S CLEAN SWEEP.

PRICE THREE CENTS.

ITS GREATEST VICTORY WON.

POLLING A LARGER VOTE THAN EVER BE-FORE IN ITS HISTORY.

MARING GAINS IN ALL PARTS OF THE CITY.THE NEW BALLOTING SYSTEM DOES NOT PER-

THE WHOLE CITY GOVERN. MENT GIVEN OVER TO

THE WIGWAY.

Tammany's triumph is overwhelming and complete. It has elected all of its local candidates and has reduced the Republican representation from this city in the State Assembly. In some of the election districts ignorant and incompetent officials fell into serious blunders in counting the ballots under the new system. This has delayed the collection of complete and accurate figures on the local candidates to a later hour than in any previous election. But it is certain that Grant's majority over Scott is considerably Grant's majority over Scott is consider above 20,000. The list of the successful or dates on the city, county and judiciary tie is as follows. Of course, all of them are De crats, but the names of Theodore W. Myers for Controller and John J. Freedman for Judge of the Superior Court, appeared on both the Tammany

Mayor-Hugh J. Grant.
Controller-Theodore W. Myers,
Sheriff-John J. Gorman,
County Clerk-L. A. Glegerich.
District-Avorney-De Lancey Nicoll.
Coroner-M. J. R. Messemer.
Judges of the Superior Court-David McAdam and

Judges of the Superior in J. Freedman.
Judges of the City Court—James M. Fitzsimons and
E. Newburger.
Prosident of the Board of Aldermen—John H. V. Arnold.

It is evident that the new system of balloting proved a disastrous failure in checking the purchase of votes, and in restraining the sanding to the pulls of the depraved slaves of dram chose in hordes to vote the Tammany tacks. The system of pasters, which was used all over the city by Tammany, permitted the "heelers" and ward manipulators of votes to handle the Ta forces in exactly the same style as in previous years. To each faithful Tammany voter was given a paster, with instructions to paste this

on any one of the tickets handed him at the polling place, and to vote that ticket with regular Tammany paster upon it, and no other.

This paster trick nullifies and destroys the whole spirit and intention of the law, and it has enabled Tammany to pile up a larger vote than it ever obtained before in the metropolis, and to give Hugh Grant a decisive majority over Francis

286,640. This year it fell to 244,970. In 1888 Grant's vote was 114,111. This year, with a total registration more than 40,000 less than in 1888, Grant's vote exceeds his vote of two years ago. This does not prove that Mayor Grant is more popular now than he was in 1888. But it does prove that Tammany is even better disciplined, more compact, more effective and a more formidable power in city elections than it was then. The new balloting system has not taken a single vote from the vicious and degraded army of mercenaries which follows the banner of Tammany Hall. By means of the paster devise, it was able to get in the ballots even of those sunk in the lowest depths of ignorance. The elements opposed to Tammany lacked its marvellous discipline, its exceptional cohesive power and lacked also the stimulus of selfish ambition for patronage and the spoils of office.

Tammany now has the whole city absolutely at its mercy for the next two years. It has not only the Mayornity, but it has captured the District-Attorneyship, also, and in every department and commission of the municipal administration it will reign supreme. A majority of those citizens of New-York who went to the polis yesterday, have decided that they want at least two years more of Tammany misrule in New-York. If anything like a complete registration or registration approaching total registration more than 40,000 less than in

many misrule in New-York. If anything like complete registration or registration approaching that of the Presidential campaign of 1888 count have been secured, and all the voters who are not attached to the Tammany organization by ties selfish interest, would have fulfilled their first dies as American citizens, have gone to the poland cast their votes, Tammany would have between. But they failed to do this. They may have cause to regret this failure in the next tweers.
